Poly Utility Tray

PAK657 Plastic, 16" x 20" x 2.5", 3 gal. Sump Capacity

Flat-bottom poly trays are the economical way to store small parts. Great for lining your benches and shelving.

- Light-colored, flat-bottom design makes it easy to see screws, springs and other small parts
- All-poly construction resists most chemicals; will not rust or corrode
- Rotationally molded spill tray is ideal for applications that would compromise injected or thermoformed trays
- Square modular design allows efficient use of space on bench or shelves for process parts
- Made from FDA-compliant resins for containment of food and cosmetic products

Specifications
