- Galvanized steel bucket base
- Made with flame retardant polyethylene
- Tie-down notches for extra security in severe weather

## Description

---

The Original Smoker's Ceasefire® Outdoor Ashtray in Adobe Beige (model 26800B) is a safe and easy way to keep your outdoor areas free of cigarette litter while reducing the risk of fire from butts, keeping your establishment clean and tidy.

This outdoor ashtray is made of sturdy, flame-retardant polyethylene, which eliminates the risk of rust, dents or cracks. With a net weight of 8.1 lbs (3.7 kg), it can hold up to 4 gal (15 l) of cigarette litter. The Original Smoker's Ceasefire Outdoor Ashtray measures 38.5 in (978 mm) in height and 16.5 in (419 mm) in outer diameter, with tie-down notches at the base for extra security or stability in severe weather conditions.

The large head of model 26800B dissipates heat from butts with its innovative self-extinguishing design, to safely collect cigarette litter and reduce the risk of fire. This large head is also small enough to discourage other waste from being thrown in, while also keeping the rain out to avoid any overflow. Its long neck cavity minimizes clogging to let the cigarette butts reach the galvanized steel bucket with ease.

Emptying this outdoor ashtray is easy; simply unscrew the back knob and lift the lid to clean the inside. The internal drip lip of the ashtray will prevent tar condensation from escaping in environments with high humidity, and keep the exterior clean.

Optional accessories include handy disposable bucket liners made of aluminum/poly (model 26827), which can be easily twist-tied and thrown away once full. For extra security of your outdoor ashtray, an Anchoring Cable Kit with Padlock (model 268505) is available. Simply attach the 36 in (914 mm) wire rope around a railing or fence, then attach the cable end and padlock to a tie-down notch at the base.

Clean grounds can help maintain a great image for your business, and the Original Smoker's Ceasefire Outdoor Ashtray is perfect for keeping it that way.
