

BATA INDUSTRIALS
THE SAFETY SHOE

Product Specification Sheet

BATA INDUSTRIAL® SUMM SEVEN (719-63597) SUMM COLLECTION

SUMM+ SEVEN is a S3 and ESD low cut safety shoe with an upper made from PUTek® textile and a BOA® Fit System for a fast, effortless and precision fit. The PUTek upper is 10 times more abrasion resistant than standard nylon and offers excellent protection whilst remaining ultra-light and flexible.

This model features an aluminum toecap and FlexGuard® composite penetration resistant insert. The breathable mesh lining and Odor Control keep feet feeling fresh. For ultimate grip, the TPU outsole provides the highest level of SRC slip resistance.

A closer look at the PU/TPU-sole reveals the technology: the angled heel provides high stability on the job while giving the shoe a sporty look and the increased profile offers optimum slip resistance. The Premium Fit inlay sole provides great comfort, shock absorption and stability. SUMM is the perfect blend of safety, durability, comfort and style.

PRODUCT CODE
800BAT71963597SX

Brand	Bata Industrial	Model	SUMM SEVEN
Type	SUMM	Product Code	800BAT71963597SX
Category	S3 / SRC	Size	UK 5-13 (EUR 38-48)
