

WORKSafe® STEDA II E3055

SAFETY PRESCRIPTION EYEWEAR

Stronger, more durable and extra comfortable. The enhanced design of WORKSafe® Steda II - successor of our popular Steda, is now better with metal-free design.

- Lightweight impact-resistant nylon/polycarbonate frame
- Dual density injected anti-slip skull-grip temples
- Impact-resistant integrated TR90 side shields
- Comfortable ABS/thermoplastic rubber (TPR) browguard
- 3-point adjustable temple inclination for better fit
- Integrated universal-fit nose pads
- Metal-free: does not contain any metal parts
- Tested to ANSI Z87.1-2010 standard and complies with SS473:2011 standards

PRODUCT CODE

340WSE3055-C5

Zebra pattern frame with Clear Holder, Black Tip Nostpad, Clear HC Lens

Brand	WORKSafe	Model	Steda II E3055
Type	Safety Prescription	Standards	SS473:2011
Weight	35g	Complies With	ANSI/ISEA Z87.1-2010
Frame Height	44mm	Bridge Width	17mm
Lens Thickness	2.2mm	Hinge-hinge (Inner Width)	140mm
Lens Base Curve	6	Temple Length (Lens-Tip)	140mm
Lens Coating	Hard coating (HC)	Lens	Polycarbonate (PC)
Front Frame	Nylon	Lens Carrier	TR90
Temple Front	Polycarbonate (PC)	Temple Back	Polycarbonate (PC)
Temple Tips	Thermoplastic Rubber (TPR)	Browguard	Polycarbonate (PC) / Thermoplastic Rubber (TPR)
Screw	Polycarbonate (PC)	Nose Pad	Thermoplastic Rubber (TPR)
