

WORKSafe® CR250HV

SELF-LOCKING DEVICE FOR VERTICAL AND HORIZONTAL

CR 250H + V self-locking device for vertical and horizontal operation in a plastic casing with a pull-down steel rope and a swivel mounted in the casing. The device has an additional shock-absorbing system located near the snap-hook. It is intended for work requiring considerable displacement in relation to the point of attachment. A safety shock absorber is not required. Also, the AZ 800 cable is not needed when working horizontally. Available in 6m, 8m and 11m.
