Reference Number

1011071HS

Product Type

Eye and Face Protection

Range

Goggles

Brand

Honeywell

Industry

- Building and Construction
- General Industry
- Maintenance

Features & Benefits

Feature

A sleek futuristic design to encourage employee compliance. A low profile design with unmatched peripheral vision (180 degrees).

Benefit

Low profile "toric" lens fits under welding helmets, on hard hats and with most respirators, while also providing superior optics and enhanced peripheral vision. MMT- Multi-Material Technology in body construction seals and conforms to most facial contours and providing superior splash and impact protection, unsurpassed comfort against the skin. Unique lens replacement system is very easy to use and cost effective. Indirect ventilation system channels and directs air flow over the lens to minimize fogging. Quick adjust headband system provides fast and easy headband adjustment for a close and secure fit.

Feature

HydroShield coating:

Benefit

Honeywell's new anti-fog lens coating provides highest fog-free performance - even after extended wear and repeated cleanings – and provides greater scratchresistance than the current anti-fog coating.
