Please contract regional Sperian sales person

### Overview

#### Key Features

SuperOne™ NBW95 and NBW95V Molded Cup Particulate Respirators

- Exclusive design and shape that contours with the natural shape of the face
- 95% filtration efficiency against solid particulates and non-petroleum based liquid aerosols
- Strong and rigid outer shell prevents mask from collapse in high humidity or moist environments
- Contoured mask fits with the natural shape of the face minimizing pressure points
- Molded nose bridge, comfortably fits a variety of face shapes and sizes
- Dual welded head straps keep the respirator comfortably on the user's face
