

## **WATERPROOF** Cryo-Gloves®

### *Hand and Arm Protection When Working with Liquid Nitrogen*

Waterproof Cryo-Gloves® made by Tempshield protect your hands and arms when working in hazardous, ultra-cold environments. Gloves are designed to provide a high level of thermal protection where the exposure to cryogenic fluids might exist.

Made from state-of-the-art materials, our waterproof cryogenic gloves are designed to keep you dry and to wick moisture away from your hands, so you can work in comfort for extended periods of time. A thin, seamless 100% waterproof liner provides protection from spills and splashes. Our multi-layered construction allows for a maximum level of thermal protection, flexibility, and dexterity - essential features when function is important and safety is critical.
