

PIG® Grippy® Adhesive-Backed Floor Mat Starter Pack

GRP36206 36" x 25', 1 roll

Make the switch to the mat that sticks. Test our adhesive-backed commercial absorbent runner against rubber-backed mats and rental mats in entrances, wet spots and transition areas. Perfect for grocery and retail environments.

- Adhesive-backed floor mat stays exactly where you put it with no shifting, bunching up or flipping over; traps dirt, salt and moisture to keep it from being tracked around
- Proprietary adhesive sticks to the floor with a super-tight grip, but peels up easily
- Sticks to most commercial floor surfaces including concrete, VCT, linoleum, ceramic tile, quarry tile and laminate flooring
- Highly efficient absorbent top soaks in moisture and wicks it away from the center to prevent puddling on the surface — liquid disperses evenly so the mat dries out quickly
- Extreme durability that stands up to heavy traffic — even forklifts — to keep it on the job for up to 12 weeks
- Easy to use: roll out continuous walk-off coverage for entrances and walkways with no gaps, ripples or overlaps that cause slips and trips
- Easy to clean: you can sweep, vacuum, mop, use your shop/wet vac or run your floor scrubber over Grippy Mat and it won't budge
- Easy to customize: lets you create custom-size floor mats for transition areas and wet problem spots
- Highly efficient absorbent top soaks in moisture, wicks and spreads it evenly so the mat dries out quickly — ideal for entrances and anywhere you need maximum absorbency for water
- 36" x 25' regular mediumweight roll provides enough length to create continuous walk-off runners plus custom floor mats for transition areas and wet problem spots
- Installation Tool and Cutting Guide is a convenient, pre-scored cutting board that prevents damage to floors while it helps you make clean, accurate cuts, perfect corners and 45° angles
- Safety Cutting Knife with recessed blade and protective edges lets you make quick, clean

cuts and avoid injuries

- PIG Grippy Floor Mat has a 91% lower environmental impact than rental floor mats (Please [email us](#) for a copy of the Life Cycle Assessment report*.)
- Tested and Certified by the National Floor Safety Institute (NFSI): when used as part of your floor safety program, high-traction surfaces such as PIG Grippy Floor Mat have been proven to reduce slip-and-fall claims by as much as 90%
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents

Safety Instructions Regarding Flammable Liquids for Flame Resistant Mats

Pig Absorbent Mats are flame resistant in their unused state, but take on the properties of flammable liquids they absorb. Always take proper precautions against potential ignition in handling and disposal of these mats if they have absorbed flammable liquids. For further assistance, please call Technical Services.
