

## PIG® Mat Tablet® Pack

MAT127 Heavyweight, 15" x 20", 90 pads

PIG Mat lasts 2x longer than ordinary mats for fewer change-outs. Absorbs everything. Works everywhere.

- Lasts 2X longer than ordinary mats for fewer change-outs, absorbs everything, works everywhere; that's why more plants worldwide use PIG Mat than any other brand
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave liquids or fiber residue behind
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Pop-up tabs and cardboard back let you hang pack anywhere in your plant - on a pegboard by your workbench, on your tool cart, even on your forklift
- Fixed number of pads makes it easy to monitor inventory and usage
- Perforated at the bound edge - one quick tear is all it takes and you're ready to work
- Heavy-weight construction delivers greater durability and absorbency for demanding tasks and large-volume cleanups
