

PIG® Barrel Top Absorbent Mat

MAT208 Heavyweight, For 55 gal., Absorbs Oils, Coolants, Solvents, Water – Universal

Shaped to fit on drum tops to keep them clean, these absorbent mats last 2x longer than ordinary mats for fewer change-outs.

- Soak up pump drips without cluttering up your work space with dirty rags!
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Fits 55-gallon steel drum tops; pre-cut with holes for 3/4" and 2" bungs to provide a perfect fit
- Heavy-weight construction is highly durable and absorbent to handle pump drips and dispensing spills
- Dispenser box makes it easy to take, carry and store your mat while protecting it from dirt and moisture
