

## PIG® Rip-&-Fit® HazMat Chemical Absorbent Mat Roll

MAT343 Heavyweight, 15" x 150', 1 roll

Extra perforations let you create custom sizes of PIG HazMat Mat without cutting. Just "rip" it along the easy-tear perfs and "fit" it into place.

- Absorbs the widest range of acids, bases, corrosives, chemicals and unknown liquids - even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Lasts 2x longer than ordinary mats for fewer change-outs
- Chemical-resistant mat won't degrade or cause a dangerous reaction upon contact with corrosive spills
- No matter how you rip it, this mat features the proven eight-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market!
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly-absorbent, fine-fiber construction won't leave behind liquids or fiber residue
- Pink color is easily distinguishable to assure workers use the correct mat during a spill emergency
- Perforated every 3-3/4" across width and every 10" across length; "rip" the perfect sized mat, then "fit" it into place
- Heavy-weight construction is highly durable and absorbent for demanding tasks and large-volume cleanups
