

MAT607 Mediumweight, 24" x 75', 1 roll

Keep floors dry while delivering a message that can't be ignored! Absorbent mat features a repeating graphic to reinforce safety or cleanliness.

- Lasts 2X longer than ordinary mats for fewer change-outs, absorbs everything, works everywhere; that's why more plants worldwide use PIG Mat than any other brand
- Clearly visible messages are repeated down the length of the roll to help create a safer environment for workers
- Durable top layer prevents wear, even under heavy foot traffic
- Under the Chat Mat top layer is the proven eight-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market!
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- High-visibility yellow color is easier to see in poorly lit areas to minimize tripping hazards; alerts workers to potential dangers and works in progress
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Easy-tear perforations let you take only what you need, so you use less mat and save money
