

Quick Dam Water-Activated Sandbags

PLS1710 Ideal For Stacking, Retaining Walls, 12" W x 24" L x 3" H When Full, 6 each

Stack these easy-to-handle sandless sandbags to stop floodwater from entering your facility.

- Flat sacks contain super absorbent polymer powder that swells on contact with water to form a solid, heavy barrier
- Dry, unactivated product is lightweight, compact and easy to handle; place in flood-prone areas when you know water is coming
- Eliminates the mess, heavy lifting and manual labor of filling standard bags with sand (40 pounds each!)
- Non-toxic, non-hazardous and biodegradable
- Stack and stagger bags up to three rows high; build even higher retaining walls by using a pyramid layout
- Buy QuickDam Barriers in bulk and save! Call us today for pallet pricing.
- Not for use with saltwater

Specifications

Traffic	Non-Weight Bearing
Dimensions When Full	12" W x 24" L x 3" H When Full
Capacity	4 gal. per Bag
