

Quick Dam Water-Activated Flood Bags

PLS1713 Ideal For Ongoing Protection at Doorways, Entrances, 9" W x 206" L x 3" H When Full, 1 each

Contain and divert floodwater to protect your facility with the new alternative to heavy sandbags.

- Flat sacks contain super absorbent polymer powder that swells on contact with water to form a solid, heavy barrier
- Dry, unactivated product is lightweight, compact and easy to handle; place in flood-prone areas when you know water is coming
- Eliminates the mess, heavy lifting and manual labor of filling standard bags with sand (40 pounds each!)
- Non-toxic, non-hazardous and biodegradable
- Built-in wedge design helps prevent activated barriers from rolling out of place
- 17'-long barrier is ideal for stopping water in front of an extra-wide dock door
- Buy QuickDam Barriers in bulk and save! Call us today for pallet pricing.
- Not for use with saltwater
