EC TYPE-EXAMINATION CERTIFICATE  
EC COUNCIL DIRECTIVE (89/686/EEC)

CERTIFICATE NUMBER: 000542

Issued to: Dalloz Fall Protection

Address: 1355 15th Street  
Franklin  
PA 16323  
USA

PPE Product: a) Miller® "MightEvac" Retractable Fall Arrestor with Integral Retrieval Winch Module, 3/16" galvanized cable with a locking swivel snap hook connector, product codes: MR15MG (15m line), MR50G (50 ft.).  
b) As above except that the unit is fitted with a 3/16" stainless steel cable, product codes: MR15MS (15m), MR50S (50 ft.).  
These models are described in the manufacturer's technical file reference TFC001-008 issue dated April 10, 2000.

It is certified that the manufacturer's technical file and the above mentioned PPE product have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the relevant requirements of the harmonized standard EN 360:1992. In addition the retrieval winch facility meets the requirements of EN 1496:1996 for Class B devices, however, when operated in this mode the product is not currently considered to be PPE.

The manufacturer's information notice (1100, Rev.D with corrigendum) in English has been inspected and found to have addressed all of the relevant requirements of the harmonized standard. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive, are implemented and maintained while the model is in production.

Date of Issue: 26 May 2000

Signed:   
.....
